# Children Learn to Read In Baptist Kindergarten

Ninety percent of the kindergarten children at Calvary Baptist Elementary School learn to read every year.

The Rev. Lawrence J. Clark, principal, explained that most of the children read through the three pre-primers of the Scott-Foreman Reading Series during the second semester of kindergarten.

The school teaches reading by the phonics method, teaching the children to sound out the consonants first.

"READING instruction may properly begin at 5 years of age," Mr. Clark believes.

"The influence of television, Sunday school and nursery school training, plus increased parental interest in the early development of children have contributed to an accelerated mental age in children today," he feels.

# 'Mind' Will Be Sunday's Bible Topic

"Mind" will be the subject this Sunday in the last of a series of Bible Lessons on names belonging to God, being presented at all Christian Science churches.

"He that formeth the mountains, and treadeth upon the wind, and declareth unto man what is his thought, that maketh the morning darkness, and treadeth upon the high places of the earth. The Lord, The God of hosts, is his name" (Amos 4) will be included in the Bible readings.

To be heard also is this statement from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Infinite Mind is the creator, and creation is the infinite image or idea emanating from this Mind. If Mind is within and without all things, then all is Mind; and this definition is scientific."
